

Gemini Pro Pharmacy and Narcotics Safe

The Gemini Pro Pharmacy Safe is a certified security safe specifically configured for the secure, regulation-compliant storage of controlled substances, narcotics, and prescription medications. Built to EN 1143-1 Grade 1 standards, it provides the independently verified level of burglary resistance required by most national medicines regulatory authorities for the storage of Schedule II and Schedule III controlled drugs in pharmacies, hospitals, clinics, GP surgeries, care homes, and veterinary practices.

CERTIFICATIONS

Burglary Grade I (EN 1143-1), tested by VdS and ECB•S Germany
Fire 30 minutes (optional)
